

Decision 01-03-034 March 15, 2001

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of OneStar Long Distance, Inc. for a Certificate of Public Convenience and Necessity to Provide Local Exchange Telecommunications Services Within California.

Application 00-11-042
(Filed November 14, 2000)

O P I N I O N

On October 3, 2000, OneStar Long Distance, Inc. (OneStar or Applicant) filed an application pursuant to Pub. Util. Code § 1001 and the Commission's Rules of Practice and Procedure for a certificate of public convenience and necessity (CPCN) from the California Public Utilities Commission for authority to provide resold local exchange resale telecommunications services.

By this decision, we grant the application of OneStar for a CPCN as a competitive local carrier (CLC) to offer resold local exchange services within the territory of Pacific Bell (Pacific), subject to the terms, conditions, and restrictions included herein.

I. Background

We initially established rules for entry of facilities-based CLCs in Decision (D.) 95-07-054. Under those procedures, we processed a group of candidates that filed petitions within the Local Competition dockets (Rulemaking (R.) 95-04-043/ Investigation (I.) 95-04-044) for CPCNs by September 1, 1995. We granted authority effective January 1, 1996, for qualifying CLCs to provide facilities-based competitive local exchange service in the territories of Pacific and

Verizon. We authorized CLCs seeking to provide resale-based services to begin operations on March 1, 1996. We further advised prospective entrants that any filings from non-qualifying CLCs, and any filing for CLC operating authority made after September 1, 1995, would be treated as standard applications and processed in the normal course of the Commission's business.

By D.96-12-020, effective January 1, 1997, we instituted quarterly processing cycles for granting facilities-based CPCN authority. Since we had been processing the environmental impact review required under the California Environmental Quality Act (CEQA) on a consolidated basis for groups of qualifying facilities-based CLCs, we determined in D.96-12-020 to process other aspects of the CLC filings on a consolidated basis as well. Accordingly, we directed that any CLC filing on or after January 1, 1997, for facilities-based CPCN authority was to make its filing in the form of a petition to be docketed in I.95-04-044 to be processed on a quarterly consolidated basis. CLCs seeking only resale authority continued to file individual applications.

On September 24, 1997, D.97-09-115 extended the coverage of our adopted rules for local exchange competition to include the service territories of California's two mid-sized local exchange carriers, RTC and CTC.

Pursuant to D.99-12-050, for parties filing after January 1, 2000, we discontinued processing of CLC petitions for CPCN authority within the Local Competition dockets on a quarterly batched basis. Any party seeking authority for any form of CPCN authority as a CLC filing on or after January 1, 2000, was directed to make its filing in the form of a separate application. Accordingly, OneStar filed its CPCN application on November 14, 2000.

In this decision, we approve limited CPCN authority as set forth below for OneStar in accordance with the applicable rules for certification as established in

R.95-04-043. OneStar will be authorized to begin offering service upon the approval of the Telecommunications Division (TD) staff of filed tariffs and in compliance with the terms and conditions set forth in this order.

II. CEQA Issues

In accordance with CEQA provisions, the Commission must assess the potential environmental impact of a CLC's proposed operation in order to determine that adverse effects are avoided, alternatives are investigated and, where applicable, environmental quality is restored or enhanced as necessary. To achieve this objective, Rule 17.1 of the Rules of Practice and Procedure requires the proponent of any project subject to Commission approval to submit with its application for approval of such project a Proponent's Environmental Assessment (PEA). The PEA is used by the Commission to focus on any impacts of the project which may be of concern, and to prepare the Commission's Initial Study to determine whether the project needs a Negative Declaration or an Environmental Impact Report (EIR).

Through the second quarter of 1999, the Commission staff's practice was to prepare a negative declaration covering all CLC petitioners filing for facilities-based CPCN authority during the previous quarter.

In D.99-12-050, the Commission concluded that more individualized treatment of the environmental review of each CPCN request was warranted. Thus, effective with D.99-12-050 and until further notice, each CLC request for CPCN authority was to be individually reviewed and, it was determined that a negative declaration or EIR is necessary, it would be prepared on an individual basis.

In D.99-10-025, we noted that various CLC petitioners did not anticipate undertaking any new construction at least for their initial start-up operations.

Instead, they intended to collocate their network equipment within the existing structure of the central offices of the Incumbent Local Exchange Carriers (ILECs), and to provide service by purchasing an ILEC's existing local loop as a UNE under federal law. Because UNEs are considered "facilities" under federal law, a facilities-based CPCN is still necessary for a CLC to operate utilizing collocation UNEs. The CLCs argued that the deficiencies identified in the negative declaration should not prevent the Commission from granting such limited facilities-based authority at this time where no construction is involved.

We concluded in D.99-10-025 that under the limited definition of facilities-based service utilizing equipment installed in previously existing structures, no material adverse environmental impacts would result since no external construction would be involved. Accordingly, for purposes of D.99-10-025, we granted limited "facilities-based" authority in this restricted manner to each of the Petitioners covered in that order.

Applicant has requested only that it be given authority to resell the local exchange services available through Pacific. As long as service is limited to resale of Pacific's local service offerings, it can be seen with certainty that there is no possibility that granting this application will have an adverse effect upon the environment. Therefore, we will grant OneStar such resale authority at this time.

Under the resale authority granted herein, OneStar shall be prohibited from offering any form of facilities-based service or from engaging in any construction of buildings, towers, conduits, poles, or trenches. At such time in the future that OneStar seeks to offer any form of facilities-based service or to engage in the construction of facilities to be used in the provision of local exchange service, it must first file a new application seeking to expand the resale-only CPCN authority granted in this order. The application shall include a PEA

providing a detailed description of any proposed construction. OneStar shall fully comply with CEQA.

III. Review of the Proposed Application

Applicant's legal name is OneStar Long Distance, Inc. Applicant is an Indiana corporation, with its principal place of business located at 7100 Eagle Crest Boulevard, Evansville, Indiana 47715. Applicant is incorporated in the State of Indiana and is in good standing under the laws of that state. OneStar is authorized to do business as a foreign corporation in the State of California.

OneStar's application has been reviewed for compliance with the certification-and-entry rules (Certification Rules) adopted in Appendices A and B of D.95-07-054 and subsequent decisions in R.95-04-043/I.95-04-044. The Certification Rules are intended to protect the public against unqualified or unscrupulous carriers, while also encouraging and easing the entry of CLC providers to promote the rapid growth of competition.

Applicant seeks authority to provide resold local exchange telecommunications services in the service territory of Pacific. Under this limited authority, Applicant will not offer facilities-based service, nor construct any new or extend any existing outside plant in California to provide the services for which it seeks authority. In this order, we will grant Applicant's request for authority to provide local exchange services through resale of other Pacific's offerings.

Applicant demonstrated that it possesses the requisite managerial qualifications, technical competence, and financial resources to provide resale local exchange service. Applicant attached Exhibit 5, a copy of Applicant's balance sheet as of August 31, 2000, and income statement for the period ended August 31, 2000. This information demonstrates the financial capability of

Applicant to provide the services described in this Application, showing unencumbered cash of at least \$25,000 readily available to meet the expenses of the proposed operations. Applicant does not expect that any local exchange companies or interexchange carriers will require any deposits.

Exhibit 7 lists Applicant's senior management and the resumes of the specific individuals actively involved in Applicant's telecommunications business. This information demonstrates that these individuals have the requisite knowledge and capabilities to supervise Applicant's provision of proposed telecommunications services.

Applicant was also required to submit proposed tariffs which conform to the consumer protection rules set forth in Appendix B of D.95-07-054. Upon review of the draft tariff, we have identified certain deficiencies as listed in Appendix B of this order. All outstanding tariff deficiencies identified as Appendix B must be corrected before OneStar may otherwise begin to offer service.

Information concerning Applicant's estimates of the number of customers after one year and after five years was also provided pursuant to Rule 18(j).

Based upon our review, we conclude that OneStar has satisfactorily complied with our certification requirements for resale authority, subject to correcting any tariff deficiencies identified in Appendix B, and satisfying the additional conditions set forth in the ordering paragraphs below. Accordingly, we grant OneStar authority to offer local exchange service utilizing resale of other carriers' services within the territories of Pacific.

IV. Section 311(g)(2) – Uncontested decision grants relief requested

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Findings of Fact

1. OneStar filed its application seeking a CPCN to provide competitive local exchange resale services in the territory of Pacific Bell.
2. There are no protests to the application.
3. In D.99-10-025, the Commission found that further inquiry was required to resolve the CEQA issues raised by the filed comments of public agencies before full facilities-based authority could be considered for then-pending CLC petitions.
4. Prior Commission decisions authorized competition in providing local exchange telecommunications service within the service territories of Pacific, Verizon, RTC, and CTC for carriers meeting specified criteria.
5. OneStar has demonstrated that it has a minimum of \$25,000 in cash or cash equivalent reasonably liquid and readily available to meet its start-up expenses.
6. Applicant's technical experience is demonstrated by supporting documentation which provides summary biographies of key management personnel.
7. By D.97-06-107, applicants for CLC authority are exempt from Rule 18(b).
8. Exemption from the provisions of Pub. Util. Code §§ 816-830 has been granted to other nondominant carriers. (*See, e.g.*, D.86-10-007 and D.88-12-076.)

9. The transfer or encumbrance of property of nondominant carriers has been exempted from the requirements of Pub. Util. Code § 851 whenever such transfer or encumbrance serves to secure debt. (*See* D.85-11-044.)

10. The provision of local exchange telecommunications service by resale, would not have a significant effect on the environment.

Conclusions of Law

1. OneStar has the financial ability to provide the proposed services, and has made a reasonable showing of technical expertise in telecommunications.

2. Public convenience and necessity warrant approval of the competitive local exchange authority sought by OneStar subject to the terms, conditions, and restrictions set forth below.

3. OneStar must submit a complete draft of its initial tariff that complies with the requirements established by the Commission that corrects any deficiencies identified in Appendix B and includes prohibitions on unreasonable deposit requirements.

4. OneStar is subject to:

- a. The current 0.80% surcharge, changing to 1.45% effective July 1, 2001, applicable to all intrastate services except for those excluded by D.94-09-065, as modified by D.95-02-050, to fund the Universal Lifeline Telephone Service (Pub. Util. Code § 879; Resolution T-16412, May 18, 2000; Resolution T-16435, December 21, 2000);
- b. The current 0.00% surcharge applicable to all intrastate services except for those excluded by D.94-09-065, as modified by D.95-02-050, to fund the California Relay Service and Communications Devices Fund (Pub. Util. Code § 2881; D.98-12-073 and Resolution T-16487, December 21, 2000);

- c. The user fee provided in Pub. Util. Code §§ 431-435, which is 0.11% of gross intrastate revenue for the 2000-2001 fiscal year (Resolution M-4800);
 - d. The current surcharge applicable to all intrastate services except for those excluded by D.94-09-065, as modified by D.95-02-050, to fund the California High Cost Fund-A (Pub. Util. Code § 739.3; D.96-10-066, pp. 3-4, App. B, Rule 1.C; set by Resolution T-16380 at 0.0% for 2000, January 20, 2000);
 - e. The current 2.6% surcharge applicable to all intrastate services except for those excluded by D.94-09-065, as modified by D.95-02-050, to fund the California High Cost Fund-B (D.96-10-066, p. 191, App. B, Rule 6.F, Resolution T-16430, September 21, 2000); and
 - f. The current 0.185% surcharge applicable to all intrastate services except for those excluded by D.94-09-065, as modified by D.95-02-050, to fund the California Teleconnect Fund (D.96-10-066, p. 88, App. B, Rule 8.G; set by Resolution T-16437, September 21, 2000).
- 5. Applicant should be exempted from Rule 18(b).
 - 6. Applicant should be exempted from Pub. Util. Code §§ 816-830.
 - 7. Applicant should be exempted from Pub. Util. Code § 851 when the transfer or encumbrance serves to secure debt.
 - 8. Applicant should be granted a CPCN for local exchange resale service subject to the terms, conditions, and restrictions set forth in the order below.
 - 9. As long as the local exchange authority is limited to resale of Pacific's service offerings, it can be seen with certainty that there is no possibility that granting this CPCN will have an adverse effect upon the environment.

O R D E R

IT IS ORDERED that:

1. A certificate of public convenience and necessity (CPCN) shall be granted to OneStar Long Distance, Inc. (OneStar or Applicant) to provide competitive local exchange telecommunications services utilizing resale of Pacific Bell services, contingent on compliance with the terms identified in this order.

2. Authorization for facilities-based authority will require the filing of a new application in conformance with California Environmental Quality Act (CEQA) requirements.

3. Applicant shall file a written acceptance of the certificate granted in this proceeding prior to commencing service.

4. Applicant shall correct the outstanding tariff deficiencies identified in Appendix B prior to being authorized to begin service.

5. a. Applicant is authorized to file with this Commission tariff schedules (incorporating Appendix B corrections) for the provisioning of competitive local exchange, services, as described in Ordering Paragraph 1. The Applicant may not offer these services until tariffs are on file, and until any applicable deficiencies have been corrected. Applicant's initial filing shall be made in accordance with General Order (GO) 96-A, excluding Sections IV, V, and VI, and shall be effective not less than one day after approval by the Telecommunications Division.

b. Applicant is a competitive local carrier (CLC). The effectiveness of each of its future tariffs is subject to the schedules set forth in Decision (D.) 95-07-054, Appendix A, § 4E:

A. "E. CLCs shall be subject to the following tariff and contract-filing, revision and service-pricing standards:

- “(1) Uniform rate reductions for existing tariff services shall become effective on five (5) working days’ notice to the Commission. Customer notification is not required for rate decreases.
- “(2) Uniform major rate increases for existing tariff services shall become effective on thirty (30) days’ notice to the Commission, and shall require bill inserts, or a message on the bill itself, or first class mail notice to customers at least 30 days in advance of the pending rate increase.
- “(3) Uniform minor rate increases, as defined in D.95-07-054, shall become effective on not less than five (5) working days’ notice to the Commission. Customer notification is not required for such minor rate increases.
- “(4) Advice letter filing for new services and for all other types of tariff revisions, except changes in text not affecting rates or relocations of text in the tariff schedules, shall become effective on forty (40) days’ notice to the Commission.
- “(5) Advice letter filings revising the text or location of text material which do not result in an increase in any rate or charge shall become effective on not less than five (5) days’ notice to the Commission.
- “(6) Contracts shall be subject to GO 96-A rules for NDIECs, except interconnection contracts.
- “(7) CLCs shall file tariffs in accordance with PU Code Section 876.”

6. Applicant may deviate from the following provisions of GO 96-A:

(a) paragraph II.C.(1)(b), which requires consecutive sheet numbering and prohibits the reuse of sheet numbers, and (b) paragraph II.C.(4), which requires that “a separate sheet or series of sheets should be used for each rule.” Tariff

filings incorporating these deviations shall be subject to the approval of the Commission's Telecommunications Division. Tariff filings shall reflect all fees and surcharges to which Applicant is subject, as described in Conclusion of Law 4. Applicant is also exempt from GO 96-A Section III.G.(1) and (2), which require service of advice letters on competing and adjacent utilities, unless such utilities have specifically requested such service.

7. Applicant shall file as part of its initial tariffs, after the effective date of this order and consistent with Ordering Paragraph 3, a service area map.

8. Prior to initiating service, Applicant shall provide the Commission's Consumer Services Division with Applicant's designated contact persons for purposes of resolving consumer complaints and the corresponding telephone numbers. This information shall be updated if the names or telephone numbers change or at least annually.

9. Applicant shall notify this Commission in writing of the date local exchange service is first rendered to the public within five days after service begins.

10. Applicant shall keep its books and records in accordance with generally accepted accounting principles.

11. Applicant shall each file an annual report, in compliance with GO 104-A, on a calendar-year basis using the information-request form developed by the Commission Staff and contained in Appendix A.

12. Applicant shall ensure that its employees comply with the provisions of Pub. Util. Code § 2889.5 regarding solicitation of customers.

13. The certificate granted and the authority to render service under the rates, charges, and rules authorized will expire if CLC authority is not exercised within 12 months after the effective date of this order.

14. The corporate identification number assigned to Applicant is U-6503-C which, shall be included in the caption of all original filings with this Commission, and in the titles of other pleadings filed in existing cases.

15. Within 60 days of the effective date of this order, Applicant shall comply with Pub. Util. Code § 708, Employee Identification Cards, reflecting its authority, and notify the Director of the Telecommunications Division (TD) in writing of its compliance.

16. Applicant is exempted from the provisions of Pub. Util. Code §§ 816-830.

17. Applicant is exempted from Pub. Util. Code § 851 for the transfer or encumbrance of property, whenever such transfer or encumbrance serves to secure debt.

18. If Applicant is 90 days or more late in filing an annual report or in remitting the fees listed in Conclusion of Law 4, the TD shall prepare for Commission consideration a resolution that revokes that petitioner's CPCN, unless it has received written permission from the TD to file or remit late.

19. It can be seen with certainty that no material adverse environmental impacts will result from the limited CPCN authority granted in this order.

20. Applicant shall comply with all applicable rules adopted in the Local Exchange Competition proceeding (R.95-04-043, I.95-04-044), as well as all other applicable Commission rules, decisions, General Orders, and statutes that pertain to California public utilities, subject to the exemptions granted in this decision.

21. The application of OneStar is granted only as set forth above.
22. Application 00-11-042 is closed.

This order is effective today.

APPENDIX B

Page 1

List of deficiencies in tariff filed by OneStar Long Distance, Inc. in A.00-11-042 to be corrected in Tariff Compliance filing.

1. On the top right hand corner of every tariff sheet, add the words “1-T” after “No.” Also, add the words “Cal. P.U.C” between “Original” and “Sheet.”
2. Sheet 7: Tariff must be available for inspection at an office in California.
3. Sheet 9: Include the service area map in the tariff.
4. Sheet 45, Rule 3(A): In the 3rd paragraph of the tariff, CLC needs to state that the confirmation letter must be in a language other than English if the sale was in another language. Also, include the 1st and 2nd paragraph from Rule 2 of Appendix B of D. 95-07-054 into the tariff.
5. Sheet 51, Rule 6(A): Modify the amount of deposit in the tariff as follows “Deposits shall be no greater than twice the estimated average monthly bill for the class of service applied for. In the event a customer requests service in addition to basic service, the average bill will reflect the aggregate services requested by the customer.” Refer to Rule 5 of Appendix B of D.95-07-054.
6. Sheet 52, Rule 7(C): Pub. Util. Code § 736 provides for a three-year backbilling for overcharged customers, not 25 days.
7. Sheet 53, Rule 8: Include Rules 8B, 8E, 8F and 8G from Appendix B of D.95-07-054 into the CLC tariff.
8. Sheet 57, Rule 10 and 11: Remove both the Liability of the Carrier and the Non-Liability of Carrier Rule, and include Pacific or GTEC’s Limitation of Liability tariffs into the CLC tariff. Refer to D.95-12-057.
9. Sheet 64, Rule 16: State in the tariff that blocking shall be made available free of charge to residential customers, although CLCs may impose a charge if the customer asks for deactivation of blocking. Refer to Rule 15 of Appendix B of D.95-07-054.
10. Include Rules 4, 6, 7, 9, 11 and 14 from Appendix B of D.95-07-054 into the CLC tariff.

APPENDIX B

Page 2

11. Include rule on how telephone directories will be provisioned to residential and business customers.
12. Include Pacific or GTEC's Limitation of Liability tariffs regarding credit for service interruptions as appended to D.95-12-057.
13. CPUC D.92860 and D.93361, in Case 10206 requires that each CLC include the provisions of the rule set forth in Appendix A of that decision as a part of the rules in the CLC's tariff.
14. CLC must have a demarcation tariff or concur in another company's tariff.
15. Include the following corrected surcharges:

<u>Period</u>	<u>Effective 01/01/01</u>
ULTS	0.800%
CRS/CDFS	0.000%
CHCF-A	0.000
CHCF-B	2.600%
CTF	0.185%
User Fee	0.11%
16. Include sample forms in the CLC tariff.
17. If CLC intends to offer residential service, it must also offer Universal Line Telephone Service (ULTS). The ULTS must be tarified.
18. Remove the Los Angeles Consumer Affairs Branch address found on pages 50 and 54.
